PIZZA SALES DASHBOARD

PREPARED BY :- TANMAY CHAVAN

ROLE :- BUSINESS ANALYST PROJECT

*PROJECT OVERVIEW :

- DESIGNED AN INTERACTIVE ANALYTICAL DASHBOARD TO EVALUATE OVERALL PIZZA SALES PERFORMANCE.
- ANALYZED REVENUE TRENDS OVER TIME TO IDENTIFY SEASONAL AND DAILY SALES PATTERNS.
- COMPARED REVENUE ACROSS PIZZA ITEMS TO IDENTIFY TOP-PERFORMING AND LOW-PERFORMING PRODUCTS.
- EXAMINED SALES DISTRIBUTION BY CATEGORY (CLASSIC, SUPREME, CHICKEN, VEGGIE) TO UNDERSTAND PRODUCT MIX CONTRIBUTION.
- EVALUATED REVENUE BY DAY OF WEEK AND HOUR OF DAY TO IDENTIFY PEAK SALES PERIODS FOR BUSINESS OPTIMIZATION.

*DATASET OVERVIEW :-

- CONTAINS TRANSACTIONAL PIZZA SALES DATA INCLUDING ORDER DATE, TIME, ITEM NAME, CATEGORY, QUANTITY, AND REVENUE.
- COVERS ONE FULL YEAR OF SALES ACTIVITY (2015).
- INCLUDES MULTIPLE PIZZA CATEGORIES: CLASSIC, SUPREME, CHICKEN, AND VEGGIE.
- REVENUE CALCULATED USING QUANTITY AND UNIT PRICE PER ORDER LINE.
- ENABLES TIME-BASED, PRODUCT-BASED, AND CATEGORY-BASED SALES ANALYSIS.

*KPI CARDS :-

KPI's	Values
Total Revenue	$ 817,860
Total Orders	21,350
Pizzas Sold	49,574
Average Order Value	$ 38.31
Top Category Revenue	Classic ($ 220,053)

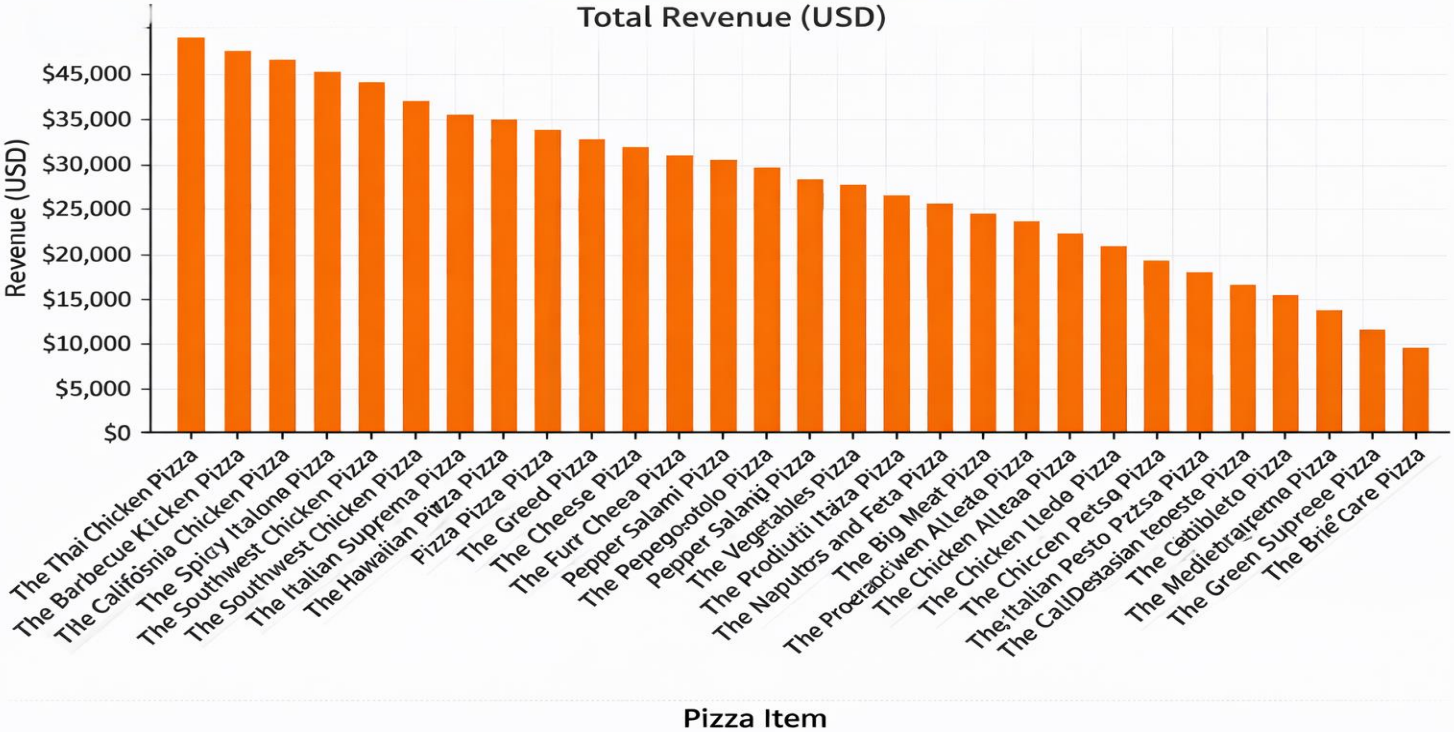
*INSIGHTS FROM TOTAL REVENUE OVER TIME (LINE CHART) :-

- HIGH DAILY VOLATILITY: THE BUSINESS EXPERIENCES EXTREME DAILY FLUCTUATIONS, WITH REVENUE SWINGING BETWEEN $1,500 AND $4,500. THIS SUGGESTS A “HIT-OR-MISS” DAILY DEMAND THAT MAKES STAFFING AND INVENTORY MANAGEMENT CHALLENGING.
- STABILITY OF THE “FLOOR”: DESPITE THE SPIKES, THE BASELINE REVENUE RARELY DIPS BELOW $1,750. THIS “FLOOR” IS A HEALTHY INDICATOR OF A LOYAL, RECURRING CUSTOMER BASE THAT PROVIDES A PREDICTABLE MINIMUM CASH FLOW.
- IDENTIFYING “OUTLIER” PEAKS: THERE ARE ROUGHLY 4–5 MASSIVE SPIKES (NOTABLY IN JULY, OCTOBER, AND LATE NOVEMBER) WHERE REVENUE NEARLY DOUBLES THE AVERAGE. THESE LIKELY CORRESPOND TO HOLIDAYS, SPORTING EVENTS, OR MAJOR LOCAL FESTIVALS.
- YEAR-END SLUMP: THERE IS A NOTICEABLE AND SHARP DECLINE IN REVENUE DURING THE FINAL WEEKS OF DECEMBER 2015. THIS IS UNUSUAL FOR FOOD SERVICE AND MIGHT SUGGEST A LOCATION-BASED FACTOR, SUCH AS BEING IN A BUSINESS DISTRICT OR COLLEGE TOWN WHERE CUSTOMERS GO ON VACATION.
- NO CLEAR SEASONAL GROWTH: INTERESTINGLY, THE AVERAGE DAILY REVENUE IN JANUARY 2015 LOOKS VERY SIMILAR TO OCTOBER 2015. THE BUSINESS IS STABLE BUT DOESN’T SHOW A STRONG “UPWARD” TRAJECTORY OVER THE YEAR, SUGGESTING A PLATEAU IN MARKET PENETRATION.

Revenue by Pizza Item



*INSIGHTS FROM REVENUE FROM PIZZA ITEM (BAR CHART) :-

- TOP-TIER DOMINANCE: THE THAI CHICKEN PIZZA AND BARBECUE CHICKEN PIZZA ARE YOUR CLEAR "CASH COWS," BOTH EXCEEDING $45,000 IN ANNUAL REVENUE. THESE SHOULD BE THE FOCUS OF YOUR PRIMARY MARKETING CAMPAIGNS.
- CHICKEN IS KING: FOUR OF THE TOP FIVE REVENUE-GENERATING ITEMS ARE CHICKEN-BASED (THAI, BBQ, CALIFORNIA, AND SOUTHWEST). THIS SUGGESTS A STRONG CUSTOMER PREFERENCE FOR POULTRY OVER TRADITIONAL BEEF OR PORK TOPPINGS.
- THE "LONG TAIL" CHALLENGE: THERE IS A SIGNIFICANT REVENUE GAP BETWEEN THE TOP PERFORMER (~$50K) AND THE BOTTOM PERFORMER (THE BRIE CARRE PIZZA AT <$10K). THE BOTTOM FIVE ITEMS MAY NEED A RECIPE REWORK, BETTER MENU PLACEMENT, OR DECOMMISSIONING TO REDUCE INVENTORY WASTE.
- VEGETARIAN PERFORMANCE: TRADITIONAL VEGETARIAN OPTIONS LIKE THE "VEGETABLES PIZZA" AND "GREEN SUPREME" SIT IN THE LOWER-MIDDLE TO BOTTOM QUARTILES. THIS INDICATES A POTENTIAL OPPORTUNITY TO INNOVATE MORE "CRAVE-ABLE" MEATLESS OPTIONS TO CAPTURE A LARGER SHARE OF THAT MARKET.
- PREMIUM PRICING POTENTIAL: IF THE TOP-TIER PIZZAS ARE HIGH-VOLUME SELLERS, A SLIGHT PRICE INCREASE (E.G., $0.50–$1.00) COULD SIGNIFICANTLY BOOST THE BOTTOM LINE WITHOUT DETERRING LOYAL CUSTOMERS.

Day of the Week

*INSIGHTS FROM TOTAL REVENUE BY DAY OF THE WEEK (BAR CHART) :-

- FRIDAY IS THE FINANCIAL ANCHOR: FRIDAY IS THE HIGHEST-GROSSING DAY OF THE WEEK, BRINGING IN $136,073.90. THIS SUGGESTS A “TREAT YOURSELF” END-OF-WEEK CULTURE AMONG YOUR CUSTOMERS.
- THE WEEKEND PARADOX: WHILE SATURDAY REMAINS STRONG AT $123,182.40, SUNDAY IS ACTUALLY THE WEAKEST DAY OF THE ENTIRE WEEK AT $99,203.50. THIS IS AN OUTLIER FOR THE PIZZA INDUSTRY, WHICH USUALLY SEES HIGH SUNDAY VOLUME FOR SPORTING EVENTS.
- MID-WEEK CONSISTENCY: TUESDAY AND WEDNESDAY SHOW ALMOST IDENTICAL REVENUE FIGURES (~$114K), INDICATING A VERY STABLE, PREDICTABLE FLOW OF MID-WEEK BUSINESS.
- THE THURSDAY SURGE: THERE IS A NOTICEABLE JUMP IN REVENUE ON THURSDAY ($123,528.50) COMPARED TO WEDNESDAY. THIS COULD BE ATTRIBUTED TO “PRE-WEEKEND” SOCIAL GATHERINGS OR CORPORATE LUNCH ORDERS.
- OPERATIONAL OPPORTUNITY: SINCE SUNDAY IS THE LOWEST-PERFORMING DAY, IT COULD BE THE BEST DAY TO RUN “FAMILY BUNDLE” PROMOTIONS OR LOYALTY POINT MULTIPLIERS TO BRIDGE THE $37K GAP BETWEEN SUNDAY AND FRIDAY.

*INSIGHTS FROM TOTAL REVENUE BY HOUR OF THE DAY (LINE CHART) :-

- THE LUNCHTIME “POWER HOUR”: REVENUE PEAKS SHARPLY AT 12:00 (12 PM) WITH $111,878, FOLLOWED CLOSELY BY 13:00. THIS INDICATES A MASSIVE CORPORATE OR “GRAB-AND-GO” LUNCH CROWD THAT LIKELY REQUIRES MAXIMUM STAFFING DURING THIS NARROW WINDOW.
- THE MID-AFTERNOON LULL: THERE IS A SIGNIFICANT REVENUE TROUGH AT 15:00 (3 PM), DROPPING TO $52,992. THIS IS THE IDEAL TIME FOR SHIFT CHANGES, DEEP CLEANING, OR PREP WORK FOR THE EVENING RUSH.
- DUAL-PEAK STRATEGY: THE BUSINESS FOLLOWS A “BIMODAL” DISTRIBUTION, WITH A SECOND, BROADER PEAK OCCURRING BETWEEN 17:00 AND 19:00 (5 PM – 7 PM) FOR THE DINNER RUSH.
- AGGRESSIVE LATE-NIGHT DROP: REVENUE FALLS OFF A CLIFF AFTER 21:00 (9 PM), PLUMMETING FROM $42,030 TO JUST $1,121 BY 23:00. YOU MAY WANT TO EVALUATE IF THE UTILITY COSTS OF STAYING OPEN PAST 10 PM ARE ACTUALLY BEING COVERED BY THE MARGINAL SALES.
- MORNING DEAD ZONE: WITH VIRTUALLY ZERO REVENUE AT 9:00 AND 10:00, THE BUSINESS MIGHT CONSIDER A LATER OPENING TIME OR A BREAKFAST-SPECIFIC MENU TO UTILIZE THE SPACE.

*PROJECT CONCLUSION :-

- THE BUSINESS SHOWS STRONG REVENUE CONCENTRATION DURING PEAK HOURS (AFTERNOON AND EVENING), INDICATING HIGH CUSTOMER ACTIVITY DURING LUNCH AND DINNER PERIODS.
- FRIDAY GENERATES THE HIGHEST REVENUE AMONG ALL DAYS, HIGHLIGHTING END-OF-WEEK DEMAND STRENGTH.
- THE CLASSIC CATEGORY CONTRIBUTES THE HIGHEST SHARE OF OVERALL SALES, MAKING IT THE MOST VALUABLE PRODUCT SEGMENT.
- CERTAIN PIZZA ITEMS SIGNIFICANTLY OUTPERFORM OTHERS, SUGGESTING OPPORTUNITIES TO PROMOTE BEST-SELLERS AND RECONSIDER LOW-PERFORMING ITEMS.
- OVERALL, THE ANALYSIS PROVIDES CLEAR INSIGHTS THAT CAN HELP OPTIMIZE MENU STRATEGY, STAFFING DECISIONS, INVENTORY PLANNING, AND PROMOTIONAL CAMPAIGNS TO INCREASE PROFITABILITY.
